

Annual Examination-2022-2023

Class : Six (6)

Subject : English

Time : 3 Hours

Full Marks: 80

Group-A (10 Marks)

1. Read the passage carefully and answer the questions :

A wolf lived in a forest. One day a bone struck in his throat. (He began to howl in pain.) He tried his best to pull out the bone but failed. He asked all the animals to draw out the bone. (But all the animals ran away in fear.) At last he met a crane. (The wolf said, "If you draw out the bone from my throat, I shall give you a reward.") The crane was greedy and foolish. (He agreed to pull out the bone.) He entered his long beak into the mouth of the wolf and pulled out the bone. The wolf got relief. Then the crane asked for reward. The wolf then said- "You have entered your head into my mouth. But I have not bitten you. It is my reward. If you want to live, get away from me". The crane ran away in fear.

- a) Why did the wolf feel pain? 2×5= 10
- b) Who ran away in fear?
- c) Who came forward to help the wolf?
- d) How did the crane pull out the bone?
- e) What did the wolf say when the crane asked for the reward?

Group-B (35 Marks)

2. Read the passage carefully and answer the questions.

(There are two different kinds of camel.) One known as the Dromedary, has only a single hump (the other is called a Bactrian camel and has two humps.) The humps help the animal to survive in the desert, by acting as storage containers. But they don't store water - as many people wrongly believe - they are full of fat. (This fat nourishes the camels when food is scarce.) (Their mouths are so tough that even the sharp thorn cannot pierce through.) A thirsty camel can drink as much as thirty gallons of water.

A. Choose the correct answer :

1 × 4 = 4

- i). The Dromedary camels have _____ (two/three/one) hump.
- ii). There are _____ (three/two/four) different kinds of camels.
- iii). The Bactrian camel has _____ humps. (two/three/four)
- iv). Thirsty camel can drink as much as _____ (20/40/30) gallons of water.

B. Rearrange the jumble words to form a correct word (any two) : 1 × 2 = 2

hump, lewar, thourm.
hump, lewar, thourm.

C. What is a storage container? How it helps the camel to survive in the desert? 2

D. How does the mouth of the camel help them? 2
