

Annual Examination : 2023-2024

Sub : English

Class : Six (6)

Time : 3 Hours

Total = 80

Group-A : 10 marks

1. Read the passage and answer the following questions :

(We often face a shortage of water, especially during the summer season.) This happens because of the following reasons. There is less rain. (Water in the rivers dry up. All living things need more water during summers.) (To solve the problem of water shortage, we can store water (rain water) and use it later.) This method is called rain water harvesting. (People keep a big container, a drum or a tank in which rain water is collected.) The rainwater is filtered and is used later. (These days many people make homes and factories which have a facility for rain water harvesting.)

Answer the following questions :

2x5=10

- How do people use rainwater ?
- Give two reasons of shortage of water ?
- When do people face a shortage of water ?
- What are the things that people keep to collect rainwater ?
- What is rain water harvesting ?

Group-B : 35 marks

2. Read the passage carefully and answer the following questions :

(Taro saw a beautiful little waterfall hidden behind a rock.)
Kneeling at a place where the water flowed quietly, he cupped a little

[1]

P.T.O.

in his hands and put it to his lips. Was it water ? Or was it sake ? He tasted it again and again, and always it was the delicious sake instead of cold water. Taro quickly filled the pitcher he had with him and hurried home. The old man was delighted with the sake. After only one swallow of the liquid he stopped shivering and did a little dance in the middle of the floor.

That afternoon, a neighbour stopped by for a visit. (Taro's father politely offered her a cup of sake.) The lady drank it greedily, and thanked the old man. Then Taro told her the story of the magic waterfall. (Thanking them for the delicious drink, she left in a hurry.) By nightfall she had spread the story through out the whole village.

A. Answer the following questions :

1x4=4

- i) What did Taro's father offer to the neighbour ?

Group-C : 35 marks

10. Read the passage carefully and answer the following questions :

(My first friend was a small grey squirrel.) Arching his back and sniffing into the air, he seemed at first to resent my invasion of his privacy. But when he found that I did not arm myself with catapult or air gun, he became friendly, and when I started bringing him pieces of cake and biscuit he grew quite bold and was soon taking morsels from hand. Before long, he was delving into my pockets and helping himself to what ever he could find. He was a very young squirrel, and his friends and relatives probably thought him foolish and headstrong for trusting a human.

In the spring, when the banyan tree was full of small red figs, birds of all kinds would flock into its branches : the red bottomed

bulbul, cheerful and greedy, parrots, myna and crows squabbling with one another. (During the fig season, the banyan tree was the noisiest place in the garden.)
